TRIO Student Success Program

Thanks to the enthusiastic response of incoming freshmen the TRIO SSP FYE 2100 classes are now full

Welcome 2007 Freshmen!

Welcome to **TRIO SSP**, a place where participants learn to have fun while achieving their personal and educational goals. Some of the benefits of joining TRIO SSP include:

- **Two FREE WMU credits in Fall 2007!** As a freshman you have enrolled in our two-credit **FYE 2100** class and will receive a tuition grant from the WMU Provost to cover the cost of this course (at least \$400). *FYE 2100* counts toward graduation and will include college-level academic skills and co-curricular activities.
- **Attend Fall Welcome at a Discount!** Get a jump start on your college experience with **Fall Welcome**. Arrive on campus early, get acquainted with campus and your classmates, buy your books, and learn about the WMU experience from faculty, staff, and students. If you receive a Federal Pell Grant, you are eligible for the Kellogg Scholarship which will cover \$150 of the \$220 cost of Fall Welcome.
- **Priority Registration!** Each semester you will have the ability to register for classes on the first day of registration (before most of the other 19,000 WMU undergraduates). Get the classes you need when you need them.
- **Scholarships!** All SSP participants are eligible for yearly Spirit Scholarships. If you receive a Pell Grant, you are also eligible for a \$200-\$600 SSP scholarship every year.
- **Caring, Knowledgeable Staff!** SSP's well trained, knowledgeable and compassionate professional and student staff are always here to help you solve problems and celebrate successes.
- **Lots More!** Leadership development opportunities, volunteer experiences, use of our computer lab and laptop borrowing program, scholarship opportunities, cultural enrichment activities, employment opportunities, graduate school preparation, career exploration. . . .

Here are some links that may help you as you look forward to the coming semester:
